

**4.3-10 Male Compression Connector for 1/2" Flexible cable | 123-1HM-C | 123e.com**
Part Number: 123-1HM-C

4.3-10 Male compression connectors are the easiest connectors to install in the field. Simply strip the 1/2" flexible cable, push the connector onto the cable, and with the RIGID tool compress it into place. 123eFit compression connectors by 123eWireless are designed for LOW PIM applications of <-160 (2*43dBm)

CROSS REFERENCE

Alternative To	HL4RP-50A, 43M-LCF12-D01
----------------	--------------------------

PHYSICAL SPECIFICATIONS

Gender	Male
Options	Compression
Connector A	4.3/10 Male

ELECTRICAL SPECIFICATIONS

Impedance	50 Omhs
PIM	<-160 (2*43dBm)
Frequency Range	DC-3GHz

ENVIRONMENTAL SPECIFICATIONS

Weather Standard	IEC 60068 40 /085/22
------------------	----------------------
