

4.3-10 Male Compression Connector for 1/2" Flexible cable | 123-1HM-C | 123e.com

Part Number: 123-1HM-C

4.3-10 Male compression connectors are the easiest connectors to install in the field. Simply strip the 1/2" flexible cable, push the connector onto the cable, and with the RIGID tool compress it into place. 123eFit compression connectors by 123eWireless are designed for LOW PIM applications of <-160 (2*43dBm)

CROSS REFERENCE

Alternative To HL4RP-50A, 43M-LCF12-D01

PHYSICAL SPECIFICATIONS

Options Compression
Connector A 4.3/10 Male
Gender Male

ELECTRICAL SPECIFICATIONS

Frequency Range DC-3GHz
Impedance 50 Omhs
PIM <-160 (2*43dBm)

ENVIRONMENTAL SPECIFICATIONS

Weather Standard IEC 60068 40 /085/22
