

7/16" DIN 1/2" cable weather protection GSIC EasySeal™ clam shell enclosure |
123-154-2 | 123e.com
Part Number: 123-154-2

DIN 7/16 EasySeal™ is a non hinged resealable weather protection enclosure device for 1/2" flexible or super flexible cable. Main uses are cable connections to antennas, radios, or cable transitions. EasySeal™ saves time and money by allowing the installer to access a cable connection for sweep testing between points and then can be quickly resealed. No need to spend time cutting off messy tape or the expense of adding new tape when a connection needs to be checked.

CROSS REFERENCE

Alternative To D80635, WE-A12, CX165-12TA,

PHYSICAL SPECIFICATIONS

Mating Cycles 200
Outer Diameter 7/16 inch DIN, 1/2 inch Flexible or Supler Flexible cable
Jacket Material PC/PP Alloy Black UV resistant

ELECTRICAL SPECIFICATIONS

Inner Construction Silicon Gel

ENVIRONMENTAL SPECIFICATIONS

Operating Temperature -40 C° / + 65 C°
Weather Standard IP68
