

N Female solder center body connector for 1/4" Super Flexible Cable | 123-14SFNFS | 123e.com

Part Number: 123-14SFNFS

The **N Male Solder Center Solder Body Connector** is designed for 1/4" super flexible cables, such as the 123-14SF-50 model or equivalent. This connector is factory-installed onto 1/4" super flexible cables from other manufacturers, including Commscope FSJ1-50A, providing a reliable and low-loss connection for high-performance RF applications. Its solder center and solder body construction ensure a stable and durable connection, ideal for demanding environments where signal integrity is crucial.

N Male Solder Center Solder Body Connector

- **Application:** Connector for 1/4" Super flexible cable (model 123-14SF-50 or equivalent).
- **Installation:** This connector is factory-installed onto 1/4" super flexible cables from other manufacturers, including:
 - Commscope
 - FSJ1-50A

ELECTRICAL SPECIFICATIONS

Frequency Range	DC-6GHz
Impedance	50 Omhs
PIM	< -160 dBc
VSWR	< 1.3 @6Ghz

ENVIRONMENTAL SPECIFICATIONS

Operating Temperature	-40°C to ~85°C
RoHS Compliance	Yes
Weather Standard	IP68

PHYSICAL SPECIFICATIONS

Gender	Female
Inner Conductor	Spring Copper Plating Ag>5µm
Mating Cycles	>100
Options	Solder Type
Outer Conductor	Brass Plating Ag>5µm
Connector A	N Female
