

N Male EasyBoot for 1/2" flexible and super flexible cable | 123-1N-EB | 123e.com
Part Number: 123-1N-EB

The **Easyboot™** is a re-enterable weatherproof boot designed to protect 1/2-inch super flexible and regular flexible RF cables with N Male connectors. This universal weather protection boot is compatible with 1/2" RF cables and field-installed N Male connectors. The Easyboot™ is installed before the connector is attached, offering reliable protection against moisture, dirt, and other environmental factors affecting signal performance.

Bullets:

- **Universal weather protection** for 1/2" RF cables (super flexible and regular).
- Compatible with **N Male connectors** and field-installed **N Male** connectors.
- **Re-enterable design** for easy maintenance and reusability.
- **Pre-installation** is required before attaching the connector.
- Provides protection against moisture, dirt, and harsh weather conditions.
- Ideal for **outdoor and field installations**.
